

Oregon OSHA Proposes Changes to Division 1, General Administrative Rules

September 2008

Text proposed to be added/adopted is in **bold and underlined**.

Text proposed to be removed/repealed is in [~~brackets with line through~~].

Division 1, General Administrative Rules

437-001-0015 Definitions. The following definitions shall apply to OAR 437, unless the context requires otherwise:

Abatement – Action by an employer to comply with a cited violation of the Oregon Safe Employment Act.

Accepted Disabling Claims – Claims accepted for disabling occupational injuries or illnesses only. A disabling injury or illness entitles the worker to compensation for disability or fatality. This type of claim excludes temporary total disability suffered during the first three calendar days after the employee leaves work as a result of the injury unless the worker is an inpatient in a hospital.

Accepted Disabling Claims Rate – The ratio of accepted disabling claims to annual average employment, times 100. Claims and employment figures are based upon the best knowledge of the Department at the time the rate is calculated (ADCR = Number of claims times 100 divided by the number of employees).

Act – The Oregon Safe Employment Act (ORS 654.001 to 654.295, 654.750 to 654.780, and 654.991).

Administrator – The Administrator of the Oregon Occupational Safety and Health Division (OR-OSHA).

Affected employee – An employee who, in the course and scope of employment, may be or may have been exposed to a condition or practice described in a citation, order, application for an extension date or variance.

Agent of the employer – The manager, superintendent, foreperson or other person in charge or control of all or part of the place of employment.

Appeal – A written request for a hearing in which to contest a citation, notice or order issued by the Division. Unless the context otherwise requires, any writing which clearly contests, objects to or seeks relief from a Division citation, notice or order shall be construed as an appeal.

Audiometric Zero – The lowest sound pressure level that the average, young adult with normal hearing can hear.

Board – The Workers' Compensation Board created by ORS 656.712.

Catastrophe – An accident in which two or more employees are fatally injured, or three or more employees are admitted to a hospital or an equivalent medical facility.

Citation – A document issued by the Division pursuant to ORS 654.071 to cite a violation. A citation may include a notice of penalty and a correction order.

Complaint – A written or oral report from an employee, employee representative or other person that an occupational safety or health violation may exist at a place of employment. A complaint may be classified as one of the following:

- (a) Imminent danger
- (b) Serious
- (c) Other than serious

Compliance Officer – A designated Division employee whose responsibility is to conduct inspections or investigations to identify possible violations and hazards and to propose citations, penalties and correction dates, and to assist employers and employees with information to correct violations and hazards.

Comprehensive Consultation – is a consultation to cover the entire establishment and entails a physical hazard assessment evaluation, reviews of records, written programs and the employer's illness and injury prevention plan. Comprehensive consultations include a written report by the provider including findings, recommendations, and the guidance necessary to resolve the problems noted in the report.

Consultant – A designated Division employee whose responsibility is to provide a full range of occupational safety and health assistance including, but not limited to, providing employers, employees and other agency staff with information, advice and recommendations on maintaining safe employment or a place of employment; on

correcting violations or hazards; and on applicable occupational safety and health rules, techniques, devices, methods, practices and development of safety and health programs.

Correction order – A written Division order which directs a person to stop a violation within a given period of time. The term also includes a Red Warning Notice issued pursuant to OAR 437-001-0096.

Days Away, Restricted, or Transferred (DART) – The number of lost workday injury and illness cases experienced by 100 full-time workers (DART rate = Number of lost workday cases times 200,000 divided by the number of employee hours worked).

NOTE: Lost Workday cases include both days away from work and days of restricted time.

Decibel (dB) – Unit of measurement of sound level. For purposes of this rule, decibels refer to the combined average of the readings at 2000, 3000, and 4000 Hz on the audiogram.

Department – The Department of Consumer and Business Services.

Director – The Director of the Department of Consumer and Business Services, or the Director's designee.

Division – The Oregon Occupational Safety and Health (OR-OSHA) Division of the Department of Consumer and Business Services.

Emphasis Program – A special program that targets Division activity to industries that, according to national or state data, have a high potential for serious injuries or illnesses.

Employee – Any individual who is currently employed or formerly employed, including a minor whether lawfully or unlawfully employed, who engages to furnish services for a remuneration, financial or otherwise, subject to the direction and control of an employer, and includes salaried, elected and appointed officials of the state, state agencies, counties, cities, school districts and other public corporations, or any individual who is provided with workers' compensation coverage as a subject worker pursuant to ORS Chapter 656, whether by operation of law or by election.

Employee exposure record – A record of monitoring or measuring which contains a qualitative or quantitative information indicative of employee exposures to toxic materials or harmful physical agents. This includes both individual exposure records and general research or statistical studies based on information collected from exposure records.

Employee medical record – A record which contains information concerning the health status of an employee or employees exposed or potentially exposed to toxic materials or harmful physical agents. These records may include, but are not limited to:

- (a) The results of medical examinations and tests;
- (b) Any opinions or recommendations of a physician or other health professional concerning the health of an employee or employees; and
- (c) Any employee medical complaints relating to workplace exposure. Employee medical records include both individual medical records and general research or statistical studies based on information collected from medical records.

Employee representative – A bargaining unit representative, or an individual selected by employees, who serves as their spokesperson.

Employer[.] –

- (a) Any person who has one or more employees, or
- (b) Any sole proprietor or member of a partnership who elects workers' compensation coverage as a subject worker pursuant to ORS 656.128, or
- (c) Any corporation in relation to the exposure of its corporate officers except for corporations without workers' compensation coverage under ORS 656.128 and whose only employee is the sole owner of the corporation, or**

(e)d Any successor or assignee of an employer. For purposes of this definition and ORS 654.005(5)(c), a business or enterprise is ~~considered to be~~ substantially the same entity as the predecessor employer if:

- (A) A majority of the current business or enterprise is owned by the former owners or their immediate family members, and
- (B) One or more of the following criteria exist for both the current and predecessor business or other enterprise:
 - Substantially the same type of business or enterprise.
 - Similar jobs and working conditions.
 - A majority of the machinery, equipment, facility, or methods of operation.
 - Similar product or service.
 - A majority of the same supervisory personnel.
 - A majority of the same officers and directors.

NOTE: Not every element need be present to find an employer to be a successor[~~, the facts will be considered together to reach a determination~~].

The cumulative facts will determine the employer's status.

Employer representative – An individual selected by the employer, to serve as spokesperson or, in the absence of a selected spokesperson, the person in charge of the place of employment at the time of the inspection.

Environmental Exposure Sampling – Sampling of the workplace environment, performed for a variety of reasons including, identification of contaminants present and their sources, determination of worker exposures and checking the effectiveness of controls.

Establishment – An establishment is a single physical location doing business or offering services or with industrial operations. For activities where employees do not work at a single physical location, such as construction; transportation; communications, electric, gas and sanitary services; and similar operations, the establishment is the main or branch offices, terminals, stations, etc. that either supervise such activities or are the base from which personnel carry out these activities.

(a) One location/multiple establishments. Normally, one business location has only one establishment. Under limited conditions, two or more separate businesses that share a single location are separate establishments. An employer may divide one location into two or more establishments only when:

- (A) each of the establishments represents a distinctly separate business;
- (B) each business is engaged in a different economic activity;
- (C) no one industry description in the Standard Industrial Classification Manual (1987) applies to the joint activities of the establishments; and
- (D) separate reports are routinely prepared for each establishment on the number of employees, their wages and salaries, sales or receipts, and other business information. For example, if an employer operates a construction company at the same location as a lumber yard, each business can be a separate establishment.

(b) Multiple locations/one establishment. Only under certain conditions. An employer may combine two or more physical locations into a single establishment only when:

- (A) the employer operates the locations as a single business operation under common management;
- (B) the locations are all near each other; and
- (C) the employer keeps one set of business records for all the locations, such as records on the number of employees, their wages and salaries, sales or receipts, and other kinds of business information. For example, one manufacturing establishment might include the main plant, a warehouse a few blocks away, and an administrative services building across the street.

(c) Telecommuting from home. For employees who telecommute from home, the employee's home is not a business establishment, do not keep a separate 300 Log. Link employees who telecommute to one of your establishments under 437-001-0700(15)(c).

Farm operation – Any operation involved in the growing or harvesting of crops or the raising of livestock or poultry.

Filed – A document shall be deemed to have been filed on the date of postmark if mailed or on the date of receipt if transmitted to OR-OSHA, DCBS, or the WCB by other means.

First aid – Any one-time treatment and subsequent observation of minor scratches, cuts, burns, splinters or similar injuries which do not ordinarily require medical care. Such one-time treatment and subsequent observation is considered first aid even though provided by a physician or registered professional personnel.

Fixed place of employment – The entire facility maintained by an employer at one general location, regardless of the size or number of departments or buildings in the facility. For the purpose of determining repeat violations fixed place of employment includes employers or owners engaged in construction activity who will be at a single worksite continuously for more than 24 months.

Hazard – A condition, practice or act which could result in an injury or illness to an employee.

Health Hazard – Health hazards mean carcinogens, lead, silica, toxic metals and fumes, vapors or gases, toxic or highly corrosive liquids or chemicals, chemical sensitizers, pesticides, fungicides, solvents, biological agents and harmful physical stress agents.

Imminent danger – A condition, practice or act which exists in any place of employment and could reasonably be expected to cause death or serious physical harm immediately.

Injury or illness – An injury or illness is an abnormal condition or disorder. Injuries include cases such as, but not limited to, a cut, fracture, sprain, or amputation. Illnesses include both acute and chronic illnesses, such as, but not limited to, a skin disease, respiratory disorder, or poisoning. (Note: Record injuries and illnesses only if they are new, work-related cases that meet one or more of the recording criteria.)

Inspection – An official examination of a place of employment by a Compliance Officer to determine if an employer is in compliance with the Act. An inspection may be classified as:

(a) Programmed.

(A) Routine inspection – An inspection of a place of employment which is made based principally on that place of employment's record of workers' compensation claims or Standard Industrial Classification and number of employees;

(i) Emphasis inspection – An inspection made in response to a national or state Emphasis Program.

(B) Periodic inspection – An inspection made because of a time-related factor, including, but not limited to, intermittent or seasonal employment activity;

- (C) Area inspection – An inspection made because of a geographic factor;
 - (D) Random inspection – An inspection scheduled and conducted pursuant to written neutral administrative standards.
- (b) Unprogrammed.
- (A) Follow-up inspection – An inspection made to determine if a previously cited violation has been corrected or after a request for an extension, a stay of correction time or a variance has been denied;
 - (B) Complaint inspection – An inspection made in response to a complaint;
 - (C) Accident investigation – A systematic appraisal of an accident sequence to determine causal factors, corrective actions and preventative measures; and
 - (D) Referral inspection – An inspection made in response to a referral.

Letter of Corrective Action – A letter stating the corrective action(s) taken by the employer to comply with the violation(s) that were not corrected at the time of the inspection.

Lost workdays – The actual number of days after, but not including, the day of injury or illness during which the employee would have worked, but could not perform all or any part of his/her normal assignment during all or any part of the employee's next regular workday or shift because of the occupational injury or illness.

Lost Workday Cases Incidence Rate (LWDCIR) (Also see DART) – The number of lost workday injury and illness cases experienced by 100 full-time workers (LWDCIR = Number of lost workday cases times 200,000 divided by the number of employee hours worked).

Medical treatment – Treatment administered by a physician or by registered professional personnel under the standing orders of a physician. Medical treatment does not include first aid treatment even though provided by a physician or registered professional personnel, nor does it include treatment ordinarily considered diagnostic or preventative in nature.

North American Industry Classification System (NAICS) – A classification system developed by the Executive Office of the President/Office of Management and Budget, for use in classifying establishments by the type of activity in which they are engaged. Each establishment is assigned an industry code for its major activity. The 2002 edition of the NAICS manual is used for coding.

Owner – Every person having ownership, control or custody of any place of employment or of the construction, repair or maintenance of any place of employment.

Person – One or more individuals, legal representatives, partnerships, joint ventures, associations, corporations (whether or not organized for profit), business trusts, or any

organized group of persons, and includes the state, state agencies, counties, municipal corporations, school districts, and other public corporations or subdivisions.

Personal exposure samples – Measurement of contaminants or physical agents to characterize the environment in the breathing or hearing zone of individual workers in order to evaluate their specific work exposures. Personal samplers are placed on the worker to obtain either one continuous sample covering a portion of the workday or consecutive samples covering a stated time period.

Physician or Other Licensed Health Care Professional – A physician or other licensed health care professional is an individual whose legally permitted scope of practice (i.e., license, registration, or certification) allows them to independently perform, or be delegated the responsibility to perform, the activities described by this regulation.

Place of employment – Includes every place, whether fixed or movable, whether indoors or out or underground, and the premises and structures appurtenant thereto, where either temporarily or permanently an employee works or is intended to work and every place where there is carried on any process, operation or activity related, either directly or indirectly, to an employer's industry, trade, business or occupation, including a labor camp provided by an employer for his/her employees or by another person engaged in providing living quarters or shelters for employees, but place of employment does not include any place where the only employment involves nonsubject workers employed in or about a private home. Any corporate farm where the only employment involves the farm's family members, including parents, spouses, sisters, brothers, daughters, sons, daughters-in-law, sons-in-law, nieces, nephews or grandchildren.

Record – Any recorded information regardless of its physical form or character.

Recordable occupational injuries or illnesses – Any occupational injuries or illnesses which result in:

- (a) Fatalities, regardless of the time between the injury and death, or the length of the illness;
- (b) Lost workday cases, other than fatalities, that prevent the employee from performing his/her normal assignment during any part of the employee's next regular, or any subsequent workday or shift; or
- (c) Nonfatal cases, without lost workdays which result in transfer to another job or termination of employment, or require medical treatment (other than first aid), or involve loss of consciousness or restriction of work or motion. This category also includes any diagnosed occupational illnesses which are reported to the employer but are not classified as fatalities or lost workday cases.

Referral – A notification made to the responsible agency of safety or health violations observed by a Division employee, other federal, state or local government representatives, or the media.

Rule – Any agency directive, standard, regulation or statement of general applicability that implements, interprets or prescribes law or policy, or describes the procedures or practice requirements of the agency and is adopted according to the Administrative Procedure Act. The term includes the amendment or repeal of a prior rule, but does not include, unless a hearing is required by statute, internal management directives, regulations or statements which do not substantially affect the interests of the public.

Scheduling List – An electronic or paper list of places of employment or employers scheduled for inspection. Lists can be in electronic form, paper form or both.

Serious physical harm:

(a) Injuries that could shorten life or significantly reduce physical or mental efficiency by inhibiting, either temporarily or permanently, the normal function of a part of the body. Examples of such injuries are amputations, fractures (both simple and compound) of bones, cuts involving significant bleeding or extensive suturing, disabling burns, concussions, internal injuries, and other cases of comparable severity.

(b) Illnesses that could shorten life or significantly reduce physical or mental efficiency by inhibiting, either temporarily or permanently, the normal function of a part of the body, even though the effects may be cured by halting exposure to the cause or by medical treatment. Examples of such illnesses are cancer, pneumoconiosis, narcosis, or occupational infections (caused by biological agents), and other cases of comparable severity.

Standard Industrial Classification (SIC) – A classification system developed by the Office of Statistical Standards, Executive Office of the President/Office of Management and Budget, for use in classifying establishments by the type of activity in which they are engaged. Each establishment is assigned an industry code for its major activity, which is determined by the value of receipts or revenue for services rendered or products produced, or in some cases by the employment or payroll. The 1987 edition of the SIC manual is used for coding.

Standard Threshold Shift (STS) – A change in hearing threshold relative to the baseline audiogram of an average of 10 dB or more in either ear.

Substantial failure to comply – When an employer engaged in the production of crops intended for human consumption fails to provide acceptable and accessible toilet facilities, handwashing facilities or drinking water, and that failure exposes affected workers to a serious hazard likely to result in an injury or illness.

Suspended penalty – A penalty which is determined but not assessed.

Variance – The written authority given by the Division to an employer permitting the use of a specific alternative means or method to comply with the intent of a rule. Specific types of variances are:

- (a) Permanent – A variance that remains in effect until modified or revoked in accordance with OAR 437-001-0430;
- (b) Temporary – A variance granted for a stated period of time to permit the employer to achieve compliance with a new rule;
- (c) Research – A variance granted for a stated period of time to allow industrial or governmental research designed to demonstrate or validate new and improved safety or health techniques or products; and
- (d) Interim order – The temporary authority for an employer to use an alternative means or method by which the employer effectively safeguards the safety and health of employees until final action can be taken on the variance request.

Violation – The breach of a person’s duty to comply with an Oregon occupational safety or health statute, regulation, rule, standard or order.

- (a) Specific classifications of violations are:
 - (A) Serious violation – A violation in which there is a substantial probability that death or serious physical harm could result from a condition which exists, or from one or more practices, means, methods, operations or processes which have been adopted or are in use in a place of employment unless the employer did not, and could not with the exercise of reasonable diligence, know of the presence of the violation;
 - (B) Other than serious violation – A violation which is other than a serious or minimal violation; and
 - (C) Minimal violation – A violation which does not have a direct or immediate relationship to the safety or health of employees.
- (b) Specific types of the above classifications are:
 - (A) Willful violation – a violation that is committed knowingly by an employer or supervisory employee who, having a free will or choice, intentionally or knowingly disobeys or recklessly disregards the requirements of a statute, regulation, rule, standard or order.
 - (B) Unabated violation – A violation that has not been fully corrected by the date ordered.
 - (C) Repeat violation –
 - [(+) An employer’s second or subsequent violation **involving substantially similar hazardous conditions as the earlier violation.** ~~[of the requirements of the same statute, regulation, rule, standard or order.~~
 - ~~(ii) Subsequent violations shall not be considered to be a repeat when more than 36 months have elapsed and the violation has not reoccurred.~~
 - ~~(iii) In these rules, Repeat, Repeated and Repeatedly are used as synonyms.]~~
 - (D) First-instance violation – An employer’s first violation of a particular statute, regulation, rule, standard or order.

- (E) Egregious – Those conditions which normally constitute a flagrant violation of the OSE Act or OR-OSHA standards or regulations such that each instance of the violation is cited separately.
- (c) Combined violation – Multiple violations of the same statute, regulation, rule, standard or order within an establishment which have been combined as one violation to indicate an overall lack of compliance with a safety or health statute, regulation, rule, standard or order.
- (d) Grouped violation – Multiple violations of different statutes, regulations, rules, standards or orders, within an establishment which have been combined as one violation:
 - (A) To indicate an increase in the severity or probability of the violation, or
 - (B) Recordkeeping and posting requirements involving the same document, or
 - (C) The violations are so closely related as to constitute a single hazardous condition.

Stat. Auth.: ORS 654.025(2) and 656.726(4).
 Stats. Implemented: ORS 654.001 through 654.295.

437-001-0160 Penalty Criteria – Repeat Violation. ~~[Penalties may be assessed]~~ **Oregon OSHA will assess penalties** for repeat violations as follows:

- (1) ~~[A violation of any statute, regulation, rule, standard or order shall be cited as repeated when, upon reinspection, another violation of the previously cited statute, regulation, rule, standard or order is found.]~~ **When an inspection discloses a new violation that addresses substantially similar hazards or conditions as a violation cited not more than 36 months before the occurrence of the subsequent violation.**
- (2) Where a **previously cited** violation ~~[of a previously cited statute, regulation, rule, standard or order is present and that first violation has been appealed but]~~ **is under appeal and** not yet ~~[become] final~~~~[by operation of law]~~:
 - (a) The second violation ~~[shall]~~ **will** be cited as a repeat~~ed~~ violation; and
 - (b) Such citation ~~[shall]~~ **will** state that the ~~[prior]~~ **earlier** violation ~~[has been]~~ **is under** appeal~~ed~~ and the repeat classification of the current violation will be rescinded if the ~~[prior]~~ **earlier** violation does not become final~~[by order of law]~~.
- (3) ~~[For purposes of considering whether a violation is a repeat violation a]~~ **At** fixed places of employment, **new** “high serious” and “death” rated violations will be issued as repeat violations at all of an employer’s places of employment in the state. Repeat violations for all other violation types will be limited to the **previously** cited place of employment.
- (4) For employers at nonfixed places of employment, repeat violations ~~[shall]~~ **will** be based on ~~[prior]~~ **earlier** violations occurring anywhere within the state.

Stat. Auth.: ORS 654.025(2) and 656.726(~~3~~**4**).

Stat. Implemented: ORS 654.001 through 654.295.

Hist: WCD Admin. Order, Safety 5-1978, f. 6-22-78, ef. 8-15-78.

437-001-0205 Citation and Notice of Penalty.

- (1) If the Division concludes from the review of an inspection report that a rule or order was violated, a citation will be issued to the employer which shall:
- (a) State the name of the employer, place of employment, and date of inspection. If the violation occurred on other than the inspection date, the date of the violation will be included;
 - (b) Describe factually the nature and location of the violation;
 - (c) State the type of violation, if other than general;
 - (d) Identify the rule or order violated;
 - (e) Fix a time for the correction of each violation not corrected at the time of inspection;
 - (f) State the penalty for each violation;
 - (g) Identify which, if any, penalties are suspended;
 - (h) State the total dollar amount of assessed penalties;
 - (i) Inform the employer of the right to appeal the citation, the civil penalty or the period of time fixed for correction of the violation to the Board;
 - (j) Inform affected employees of their right to appeal the time fixed for correction of the violation; and
 - (k) Notify the employer that the citation becomes a final order if an appeal is not filed within 30 days of receipt of the citation by the employer.

(2) ~~[The citation shall be served on the employer by certified mail or in person.]~~

Citations and notices of penalties will be served on employers by certified mail, in person, or any method acceptable to the employer.

(3) Each employee representative shall be sent a copy of all citations and notices of penalties issued.

Stat. Auth.: ORS 654.025(2) and 656.726(4).

Stat. Implemented: ORS 654.001 through 654.295.

437-001-0760 Rules for all Workplaces.

(1) Employers' Responsibilities.

- (a) The employer ~~[shall see]~~ **must assure** that workers are properly instructed and supervised in the safe operation of any machinery, tools, equipment, process, or practice ~~[which]~~ **that** they ~~[are authorized to]~~ use or apply. This rule ~~[shall]~~ **does** not ~~[be construed to]~~ require a supervisor on every part of an operation nor ~~[to]~~ prohibit workers from working alone.
- (b) The employer shall take all reasonable means to require employees:
 - (A) To work and act in a safe and healthful manner;
 - (B) To conduct their work in compliance with all applicable safety and health rules;

(C) To use all means and methods, including but not limited to, ladders, scaffolds, guardrails, machine guards, safety belts and lifelines, that are necessary to safely accomplish all work where employees are exposed to a hazard; and

(D) Not to remove, displace, damage, destroy or carry off any safety device, guard, notice or warning provided for use in any employment or place of employment while such use is required by applicable safety and health rules.

(c) Every employer shall be responsible for providing the health hazard control measures necessary to protect the employees' health from harmful or hazardous conditions and for maintaining such control measures in good working order and in use.

(d) Every employer shall inform the employees regarding the known health hazards to which they are exposed, the measures which have been taken for the prevention and control of such hazards, and the proper methods for utilizing such control measures.

(e) Any supervisors or persons in charge of work are the agents of the employer in the discharge of their authorized duties, and are responsible for:

(A) The safe performance of the work under their supervision; and

(B) The safe conduct of the crew under their supervision; and

(C) The safety of all workers under their supervision.

(2) Employees' Responsibilities.

(a) Employees shall conduct their work in compliance with the safety rules contained in this code.

(b) All injuries shall be reported immediately to the person in charge or other responsible representative of the employer.

(c) It is the duty of all workers to make full use of safeguards provided for their protection. It shall be a worker's responsibility to abide by and perform the following requirements:

(A) A worker shall not operate a machine unless guard or method of guarding is in good condition, working order, in place, and operative.

(B) A worker shall stop the machine or moving parts and properly tagout or lockout the starting control before oiling, adjusting, or repairing, except when such machine is provided with means of oiling or adjusting that will prevent possibility of hazardous contact with moving parts.

(C) A worker shall not remove guards or render methods of guarding inoperative except for the purpose of adjustment, oiling, repair, or the setting up a new job.

(D) Workers shall report to their supervisor any guard or method of guarding that is not properly adjusted or not accomplishing its intended function.

(E) Workers shall not use their hands or any portion of their bodies to reach between moving parts or to remove jams, hangups, etc. (Use hook, stick, tong, jig or other accessory.)

(F) Workers shall not work under objects being supported that could accidentally fall (such as loads supported by jacks, the raised body of a dump truck, etc.) until such objects are properly blocked or shored.

(G) Workers shall not use defective tools or equipment. No tool or piece of equipment should be used for any purpose for which it is not suited, and none should be abused by straining beyond its safe working load.

(d) Workers shall not remove, deface, or destroy any warning, danger sign, or barricade, or interfere with any other form of accident prevention device or practice provided which they are using, or which is being used by any other worker.

(e) Workers must not work underneath or over others exposed to a hazard thereby without first notifying them and seeing that proper safeguards or precautions have been taken.

(f) Workers shall not work in unprotected, exposed, hazardous areas under floor openings.

(g) Long or unwieldy articles shall not be carried or moved unless adequate means of guarding or guiding are provided to prevent injury.

(h) Hazardous conditions or practices observed at any time shall be reported as soon as practicable to the person in charge or some other responsible representative of the employer.

(i) Workers observed working in a manner which might cause immediate injury to either themselves or other workers shall be warned of the danger.

(j) Before leaving a job, workers shall correct, or arrange to give warning of, any condition which might result in injury to others unfamiliar with existing conditions.

(3) Investigations of Injuries.

(a) Each employer shall investigate or cause to be investigated every lost time injury that workers suffer in connection with their employment, to determine the means that should be taken to prevent recurrence. The employer shall promptly install any safeguard or take any corrective measure indicated or found advisable.

(b) At the request of authorized Department representatives, it shall be the duty of employers, their superintendents, supervisors and employees to furnish all pertinent evidence and names of known witnesses to an accident and to give general assistance in producing complete information which might be used in preventing a recurrence of such accident.

At the request of the Department, persons having direct authority shall preserve and mark for identification, materials, tools or equipment necessary to the proper investigation of an accident.

~~[(c) Any supervisors or persons in charge of work are held to be the agents of the employer in the discharge of their authorized duties, and are at all times responsible for:~~

~~(A) The execution in a safe manner of the work under their supervision; and~~

~~(B) The safe conduct of their crew while under their supervision; and~~

~~(C) The safety of all workers under their supervision.]~~

- (4) Intoxicating Liquor and Drugs. The use of intoxicating liquor on the job is strictly prohibited. Anyone whose ability to work safely is impaired by alcohol, drugs, or medication shall not be allowed on the job while in that condition.
- (5) Horseplay. There must be no horseplay, scuffling, practical jokes, or any other activity of a similar nature.
- (6) Extraordinary Hazards. When conditions arise that cause unusual or extraordinary hazards to workers, additional means and precautions shall be taken to protect workers or to control hazardous exposure. If the operation cannot be made reasonably safe, regular work shall be discontinued while such abnormal conditions exist, or until adequate safety of workers is ensured.
- (7) Inspections.
- (a) All places of employment shall be inspected by a qualified person or persons as often as the type of operation or the character of the equipment requires. Defective equipment or unsafe conditions found by these inspections shall be replaced or repaired or remedied promptly.
 - (b) Wherever required in this safety code, a written and dated report, signed by the person or persons making the inspection, shall be kept.

Stat. Auth.: ORS 654.025(2) and 656.726(~~3~~4).

Stats. Implemented: ORS 654.001 through 654.295.

437-001-1015 Definitions.

- (1) Establishment: A single physical location where business is conducted or where services or industrial operations are performed. Where distinctly separate activities are performed at a single physical location, each activity shall be treated as a separate establishment.
- (2) Insured employer: An employer insured with a workers' compensation carrier.
- (3) Insurer: The State Accident Insurance Fund (SAIF) Corporation or any insurance company authorized or regulated under ORS Chapter 731 to issue workers' compensation ~~[guaranty contracts]~~ **insurance policies** in Oregon.
- (4) Loss prevention effort: An ongoing effort by the self-insured employer to integrate health and safety into the workplace in such a manner that occupational injuries and illnesses are reduced.
- (5) Loss prevention plan: A plan developed by the employer with the assistance of the insurer with the primary emphasis on reduction of workplace injuries and illnesses.
